

IN THE UNITED STATES PATENT AND TRADEMARK OFFICE

In re Reissue Application of: John W. Matthews

Application Serial No.: 10/658,851

Filed: 09/09/2003

Title: Flashlights and Other Battery-Powered Apparatus for  
Holding and Energizing Transducers

Reissue of U.S. Patent No.: 5,629,105

Assignee: SUREFIRE, LLC

Attorney Docket 8338RE

} Examiner: Stephen J. Kalafut

} Group Art Unit: 1745

**STATUS OF CLAIMS AND SUPPORT FOR CLAIM CHANGES**

**(37 C.F.R. §1.173(c))**

1. The status of the claims as a result of the Amendment submitted herewith is:

Claims Pending: Claims 1-83

Claims Canceled: Claims 84 and 85

2. No changes have been made to any of the pending claims 1-83, by the Amendment submitted herewith.

3. The support in the disclosure for the changes previously made in connection with the presently pending claims is as follows:

Previously amended claim 39. The previous amendments correct inadvertent informal errors in original claim 39.

Previously amended claim 40. The previously filed amendatory language is supported by FIGs. 1 and 2 of the drawing, and in particular the two lamps 12 and 13 and the two directed light beams 14 and 15 referred to at various places in the original specification including at column 11 line 54 through column 12 line 27, and at column 16 lines 30-41.

Previously added claim 79. The subject matter of previously added dependent claim 79 is shown in FIGs. 1 and 2 of the drawing, and in particular the two lamps 12

and 13 and the two directed light beams 14 and 15 referred to at various places in the original specification including at column 11 line 54 through column 12 line 27, and at column 16 lines 30-41.

Previously added claim 80. Previously added claim 80 is original claim 40 to which has been previously added the amendatory language discussed above in connection with previously amended claim 40.

Previously added claim 81. The position of the two lamps (12 and 13) in openings in the reflector 36, with the second electric lamp recessed in its reflector opening with the refractive lens 213 exposed in the reflector 36, is shown in FIGs. 1 and 2, elements of which are referred to at various places in the specification including at column 11 line 54 through column 12 line 27, and at column 16 lines 30-41.

Previously added claim 82. The movable housing and switching arrangement of claim 82 are described in the specification at column 12 lines 28-32.

Previously added claim 83. Previously added claim 83 is dependent from claim 81 and includes the subject matter set forth in previously added claim 79, the support for which is set forth above.

Respectfully submitted,

Date: January 4, 2007
